Welcome to the P.I.T
Priority Integrated Technologies

Located in Clinton Township, Michigan - The P.I.T. is the command center for our Logistic Driver Coordinators. This is where our team navigates, communicates, and performs key functions in our daily operations

ITS THE BEGINNING OF YARD WASTE SEASON!

March 15 to December 20 - 2024

Stick to the Schedule

- Yard waste collection occurs from March through December. Ensure your yard waste is at the curb by 7 a.m. on your regular trash collection day to ensure pickup.

Separate and Prepare

- Residents should separate yard waste from regular trash and recyclables. Acceptable yard waste includes leaves, grass clippings, garden debris, and small branches (no larger than 2 inches in diameter). Please place yard waste in paper yard waste bags or designated bins, not in plastic bags.

Know What's Not Allowed

- Yard waste does not include soil, sod, large branches (over 2 inches in diameter), stumps, or non-organic materials. Keeping these materials out of the yard waste ensures it can be composted and reused.
